KILEY JOSEY: I've got two comments from Spotify that I thought were really important to share. This one's from Ang582, and she says, "JD Vance is a pussy. Pussy, Pussy, Pussy, Pussy, Pussy, and a Pussy!"

JENNIFER WELCH: I love that. I think a lot of these are in response to us saying, I've had it with people on the left trying to be the word police. telling us we can't call JD Vance a pussy. Like, because vaginas are these magical instruments that do childbirth. That's not what we're talking about. We're talking about vaginas. We're talking about whining, submissive men that are pussies — have nothing to do with vaginas. Equally, have nothing to do with the cat, the pussy cat. These are three different categories of the use of the same word, right?

JOSEY: Agreed.

WELCH: Like, there's a pussy, and a pussy is like JD Vance. The late Lindsey Graham, which we'll get to momentarily. Donald Trump's a pussy, okay?

ANGIE SULLIVAN: Sure, oh yeah.

WELCH: For Don Jr. Don Jr.'s a pussy. Oh, yeah. Dumb and dumb are their pussies. And then you have a cat, a pussy cat, which that is a pussy. But it's a completely different pussy than the one before. And then you have the vagina. And all of these things have the same moniker, but completely different meanings. And if people on the left can't grasp that, that we deserve to lose because very simple argument. I've had it with the word police.

JOSEY: Okay, the other comment is from Erin. And she says: "I need 3 hour long episodes of Just and Pumps making fun of republicans so that I can get through my workday. Love laughing to these ladies as I disassociate from the craziness that is our current state of affairs."

WELCH: Thank you, Erin.

SULLIVAN: Thank you, Erin! You know what I would love?

WELCH: What would you love?

SULLIVAN: I would love Jennifer to do a whole three-hour episode in Melania's voice. That's like what — [LAUGHING]

WELCH: My husband is under fire. I — I came to United States on Einstein — Epstein visa — I mean, Einstein visa. I do not know Jeffrey Epstein. Because I study mathematics. That fucking broad.

SULLIVAN: Fucking broad!

WELCH: I mean, my God. That shit is just, ehh.

SULLIVAN: It's so ridiculous.

WELCH: Okay. I want to talk about Lindsey Graham.

SULLIVAN: Okay.

WELCH: So, obviously, we all wake up. And everybody's like, you know, when are we going to get the message about mentioned Mitch McConnell? You know, like, it's going to happen any second now, right? Well, I wake up and have a text from Don Lemon. And it's, like, at 4 a.m. And it's like Lindsey Graham is dead. I was like, holy shit. So, then, I, you know, immediately have to turn on the news, which I haven't been turning on the news that much because I'm so, like, disenchanted with corporate news. But I was like, I want to watch the wall-to-wall coverage of this. Like, this is great. [SULLIVAN LAUGHING] And then there was this photo that I saw online. This is the last known photograph that Lady Graham took because, you know, he had just been in the Ukraine.

SULLIVAN: Right.

WELCH: And so, he took a photograph with a drone. Kiley, pop this up. Okay, for those of you that are listening, Okay, this drone looks like a big, giant, black cock.

SULLIVAN: It does.

WELCH: All right, there's just no other way around it. He is smiling from ear to ear. He is holding the black cock, and the interesting thing about this drone is it's called the P1 Sun, and it's like —

SULLIVAN: P1!

WELCH: — in Russian, it means they call it the penis. This drone is called the penis.

SULLIVAN: What?

WELCH: And so, this is the shit with, I cannot believe, like, you know, back in the day, would watch movies or shows, and you would think, oh, that's so crazy, like, about the president or about the United States.

SULLIVAN: Right.

WELCH: Like that — that's crazy. I'm so glad that would never happen. We're living in the time period. We're like, that's from — that's from an episode of Veep.

SULLIVAN: For sure, yeah.

WELCH: That's an episode of Veep in the Lindsey Graham. Holding a big giant black cock that is called penis in Russian. And that's his last known photograph before he dies.

SULLIVAN: If I saw that on Veep, I would think that's hilarious, but that would never happen. I mean, you just would never think that would actually happen. First of all, who names drones penis?

WELCH: Well, when they look like black cocks, I think you do.

SULLIVAN: I guess you do.

WELCH: I think that's really not even that creative. When you look at what that drone looked like, I mean, I think cock or penis.

SULLIVAN: No, it just looks like a penis. It does.

WELCH: Yeah. And look at how happy Lindsey is.

SULLIVAN: Well, we know why Lindsey's so happy.

WELCH: He died after he was groping a — a penis — a black cock that was made for mass destruction.

SULLIVAN: Yeah.

WELCH: This is like exactly what he was. There's one photograph that just completely consolidates exactly who he was. He liked cock, as we all know —

SULLIVAN: Yeah.

WELCH: — you know, the worst kept secret in Washington, D.C. and he liked killing, you know, the biggest war hawk on the planet, and there he is with a black cock that kills right before he dies.

SULLIVAN: I mean, that could not be a better epitaph right there, that picture.

(....)

SULLIVAN: And then something else just completely random on social media. And I was like, ugh, I have too much estrogen. That's what it is. Because I was just like, something is not right.

WELCH: See, and this is what I think about these MAGA men. I think we've got a low-T situation, high-E. Low-T, high-E.

SULLIVAN: The scales are [inaudible].

WELCH: Yeah. And they're submissive, hysterical, emotional, freaking out. I don't know if you've seen this. Since Lady Graham died — okay — all of these MAGA influencers, the Katie Miller and all the other freaks are, I can't believe the way the left is reacting —

SULLIVAN: Yeah.

WELCH: — to Lindsey Graham. These people are horrible human beings. And it's like, find the — find the one that Trump wrote about Rob Reiner —

SULLIVAN: Oh, that was —

WELCH: — when their leader is just, like, the most appraised fucking person on the planet.

SULLIVAN: Yeah.

WELCH: But it's the thing. It's not like I'm not happy that Lindsey died or I'm not sad that Lindsey died. I mean, I'm just kind of apathetic. And I also think like, you know, we have this really old ruling class, this old guard —

SULLIVAN: Right.

WELCH: — and they're all going to start dropping like flies. But I mean —

SULLIVAN: And he clearly wasn't [inaudible].

WELCH: It's not like he had any kids or a wife, you know —

SULLIVAN: Like, you know, here's the thing.

WELCH: — for me to feel bad about.

SULLIVAN: Here's the thing too about the Lindsey Graham thing. I mean, when you look at Lindsey Graham, I mean, he was hateful. He wasn't — I mean, he was every bit as hateful as Charlie Kirk with — but I mean, he was, like, let's go in there and kill people. I mean, he's —

WELCH: Oh, he's homicidal.

SULLIVAN: — he was homicidal.

WELCH: He was a war hawk. Yeah.

SULLIVAN: And he was a war hawk!

WELCH: He was a demonic war hawk. I mean, truly.

SULLIVAN: Yeah. I'm like —

WELCH: Just a real — a real nut.

SULLIVAN: A real, real nut. And I've read so many articles about him and people are — oh, yeah, read it.

WELCH: So, it says: A very — “a very sad thing happened last night in Hollywood, Rob Reiner, a tortured and struggling, but once very talented movie director and comedy star has passed away together with his wife, Michele reportedly due to the anger he caused others through his massive, unyielding, and incurable affliction with a mind crippling disease, not as TRUMP DERANGEMENT SYNDROME.” Goes on and all of those crazy shit. So, in MAGA world, here's a man, Donald Trump, who finds out that Rob Reiner, who was critical of the president as millions of people globally are.

SULLIVAN: Right.

WELCH: And this horrific thing is son's, like, an addict, schizophrenia. I mean, complete — a horrible situation. The murder had zero — zero — to do with Donald Trump.

SULLIVAN: Trump, yeah. Zero.

WELCH: This motherfucker sends out the meanest tweet on the planet and basically says he was killed because he had Trump Derangement Syndrome. And then the people who support that guy want to lecture everybody else about how we're supposed to behave when Lindsey Graham, who, now all of these sex workers that he worked with are, you know, NDAs weren't really applicable anymore now that he's dead. Apparently Lindsey, you know, dressed up in his red panties and did gay stuff at night, which we all knew.

SULLIVAN: Yeah, which is not —

WELCH: But you know, now it's — it's just — and it's just like, you know, at the end of the day — other — you know, maybe we can do a coffee table book, Pumps. Maybe we do a coffee table book of all the closet MAGA men. And Lindsey can be our cover girl.

SULLIVAN: Too big for a coffee table. Like, there are so many, like, you would have to be, like, bigger. Like, I don't know what kind of book it would — but there — it's just, it's unbelievable, and [inaudible].

WELCH: Well, who would you put on the cover? Lady Graham or Big Tittie Brian?

SULLIVAN: I mean, I'd think you have to do Lindsey Graham because everybody's known about this for years and years and years. But I thought, you know, I saw talking about Lindsey Graham that I just thought, hmm? Benny Johnson, I was like, hmm.
