JENNIFER WELCH: But I want to move on to Erika Kirk. She gets weirder and I just think like there's no way it can get worse. There's no way she can become more bizarre. At some point, somebody's going to say, you need to quit speaking in public. You need to go get some help. But I'll be damned if she doesn't think about and says something like this. Play the clip.

ERIKA KIRK: So, I don't care if it's a trans, if it's a gender-confused person, if it's a Muslim, if it's whoever else that's standing in front of you, that's spitting on you, that's cussing at you, that's throwing your buttons everywhere. I don't care you are what you are what Charlie always said you are what you are a happy warrior. That is what you are. Because you fight.

WELCH: What is she talking about? What is she talking about? Trans and Muslim people spitting on her, and Charlie always said, you are a happy warrior? This is made-up bullshit that she is telling all of these cultists that are going to spend their spare time on purpose to go listen to her talk. Can you imagine how mentally and stable you'd have to be to say, today I'm going to go listen to Erika Kirk speak on purpose. Well, they go, and then she talks about some imaginary war that doesn't exist. There is no war between trans people and Muslim people and these cultists. It only exists in their minds. Nobody gives a shit about what you all do. Why are you so consumed and obsessed with this imaginary spiritual war. And by the way, Erika, go get some help, go get some therapy, go get some grief counseling because this is some weird shit, we're all tired of seeing it. And then Fox News is looping Erika Kirk into Usha Vance having a fourth child. And I want to remind you guys that Erika Kirk practically dry humped the Vice President on stage at one of those Turning Point events. You remember the way she, like, grabbed his head and how excited she was to see him, and everybody's like, oh my God, are they screwing? Like that energy is weird. Well then, a couple of months later, Usha ends up pregnant. Like, the timing of all of that, could you imagine if Kamala was embracing somebody like that on the stage somewhere, the slut shaming that would go down. So, now Fox is — there. Look at that. That's weird. Look at that. You don't hug a person. You're not screwing and grow up with her hair like that. Well, Fox wants us to remember that picture, which is weird. I'm like, are they rat-fucking Vance too? Are they in on this? So Fox is revealing that Usha's influence for having a fourth child is none other than — play the clip.

JANE HAMPTON COOK [on FNC's *Fox & Friends*, 07/20/26]: Erika Kirk really influenced Usha. She said that Erika says she wished she had more children with Charlie Kirk, and that that helped lead their decision to expand their family to be happy and leave six.

AINSLEY EARHARDT [on FNC's *Fox & Friends*, 07/20/26]: Yeah, she the she and Erika Kirk are very, very close. And Charlie and Erika always were we're talking about expanding family. They were pro-family. And I feel like this White House has been just championed [sic] family values.

WELCH: White House's champion family values? Are you kidding me? Furthermore, I'm calling bullshit on Usha and Erika being so close. So, does — Erika is a happy warrior against trans people and Muslims? Does that extend to Hindus or not? Or Hindus off the hook? Because in Erika's worldview, everybody has to be a batshit crazy Christian nationalist. So, I'm not buying that. And, furthermore, nobody with an IQ in the triple digits believes for a second that this White House is so all about embracing family values. Have you seen Melania's documentary? What kind of family do the husband and wife not sleep in the same bed? Please, give me a break. All right, JD Vance is getting trolled by Hunter Biden. And I want to remind you that JD Vance went on Joe Rogan and sat down and talked about Joe Biden eating ice cream, and he sexualized it. What kind of man sees a senior citizen — Joe Biden, 83 years old — eating ice cream and sexualizes it. What is going on with JD, Erika, and Usha that when JD isn't around them and he's outside of that love triangle, and he's over on Joe Rogan's podcast, he's sexualizing Joe Biden. Well, Hunter's like jumping right in on it, pop this up. So, he puts, "congratulations Spain" and they're both eating ice cream, and Covie on Twitter writes: "usha vance went into labor to distract her husband from this....." And so, you know, the JD Vance — I mean, Donald Trump's weird is enough, but he's predictable. We all know it's Trump for self-preservation, his ego, his fragile ego, etc. JD Vance is a weird guy. I mean, he is so weird. The relationship is with Usha is weird, roping in Erika Kirk into their relationship that she's there, like — what — birthing coach or something. I mean, that was some weird shit. But Fox, you know, Fox is a news channel for people that are scared. And I would like to welcome all the Fox producers that watch my show every day for content. Fox News is a cable news network, masquerading as news and it's not, but it is for scared people. And in the Fox News audience, I think the average age is 70 years old. These are people that like to feel scared all of the time. And most recently, they have been terrified about me, yours truly. And all of MAGA has been, quite frankly, for the last week. They're just in complete snowflake, stage five meltdown mode. I mean, these guys are so soft. Here is a video of Brian Kilmeade and Tomi Lahren. And they're upset about my comments on homeschooling. Let's play the clip.

WELCH [on 07/14/26] has a crazy Christian problem.

BRIAN KILMEADE [on FNC's *One Nation*, 07/19/26]: Really?

TOMI LAHREN [on FNC's *One Nation*, 07/19/26]: Yeah, Brian, the problem we're seeing right now is the crazy Christian.

KILMEADE [on FNC's *One Nation*, 07/19/26]: Yes, right.

LAHREN [on FNC's *One Nation*, 07/19/26]: That's what's going on in the streets.

KILMEADE [on FNC's *One Nation*, 07/19/26]: Parents who want to get the workbooks, do the structure, and live at home and not be subjected to all the wokeness or be subjected to the 30% passing competency and reading and writing and arithmetic, so that's a joke. Another reason why we don't watch. But sadly, she's very popular.

LAHREN [on FNC's *One Nation*, 07/19/26]: With some groups.

KILMEADE [on FNC's *One Nation*, 07/19/26]: Right. But maybe people watch or like they watch *The View* for entertainment and comedy purposes.

LAHREN [on FNC's *One Nation*, 07/19/26]: Right.

KILMEADE [on FNC's *One Nation*, 07/19/26]: That's why I would watch it.

WELCH: Thank you for watching it. Tomi, I really appreciate that. I want to remind you that Brian Kilmeade is the person who said that we should just euthanize homeless people. And I stand by it. The homeschooling that I was referring to is the crazy Christian homeschooling. It is trickle-down stupidity. You have to be dumber than a box of hot rocks to sit down with your kids and teach them that dinosaurs and man lived on the planet at the same time, that the Earth is 5,000 years old, and on and on. But more than anything, the reason they're melting down so much about this is because homeschooling is inherently patriarchal, and it is a huge push of the fascist project because it keeps women at home. And over 90 percent of all homeschooling parents are the mother. You know they don't want women to be out in the workforce to make their own money and have independence so they can divorce their piece of shit, closet-case husbands when they find out. No, they want the women at home, dead-ass broke homeschooling the kids. This is a patriarchal step of the fascist project. And I will just say to Brian Kilmeade and Tomi Lahren, do you homeschool your kids? Do you do that with a full-time job? What do you do? Do you do it at night? Do you start at 8 p.m. and end at 1, 2 a.m.? Is that how your family values go? So, if you don't homeschool your kids, shut the fuck up, you two. And to the Fox News producers, have fun watching my show; it's pathetic. You should be covering this fascist regime in this fascist takeover, and not some podcaster, as per Tomi, that people just watch for entertainment.

WELCH: And moving along to another segment of the fascist regime, propaganda, is the idiotic TikTok feed, Libs of TikTok. So, I didn't know that this — I don't get on TikTok that often, but I noticed, like, I'll get a bunch of like, you know, C-U-N-T or, you know, we hope you die, and I'll look on my Instagram, like, wow, I must be going viral somewhere. Well, over the Fourth of July weekend, Kiley just unearthed this because I texted her over for the drone. I was like, hey, am I going viral on Fox or something? I'm getting a lot of hate. She's like, nothing that I can see. Well, she researched it and researched. She just discovered that the Libs of TikTok are freaking out about my comments about the American flag. Pop this up. So, there: "Jennifer Welch says she 'kinda wants to burn a [U.S.] flag' because of Trump supporters. Imagine having this insane level of TDS..." And I just want you guys to realize how soft these people are. Like, the meltdown that these people have, because I call the homeschooling trickle-down stupidity, just listen to it and you don't like it, or you disagree with me and move the fuck on. But to sit there and melt down and have a whole segment on Fox News about it is utterly insane. You might have a difference of opinion from me. Who cares? Why are you so triggered by it? Why are you

so triggered by an American saying, you know, I'm not really liking it here that much lately. The way all these people act, I can kind of see it. I kind of want to burn a flag. Well, let's see exactly what I said. Play the clip.

WELCH: [on 06/25/26]: So, I never really have, I've never been an arsonist or a pyro or anything like that. I've never been that big into flags. But at this stage in the whole MAGA thing, kind of want to burn a flag. See what happens.

WELCH: I stand by it. I stand by it. And the bigger indictment on all of this is not that I said that. Podcast — podcasters are bullshitters. We sit in bullshit all day long. We talk about stuff. How do you feel now? How do you feel then? What do you think about this? The bigger takeaway is that MAGA cannot handle diversity in thought and diversity in opinion because they're scared and they're soft and they can't handle a 51-year-old podcaster that talks shit about them. They literally have stage five meltdowns as they have on Fox and all of these other channels and the Libs of TikTok. You all suck. Thank you for tuning in each and every one of you. But for making my podcast bigger because the more you post, the bigger we get.
